ADDRESSING THE HCT NEEDS OF AYA WITH ASD AND OTHER DD

Beth Ellen Davis MD MPH
Proportion of PEDRs and IMRs who were likely to care for patients with specified childhood-onset chronic disease after the completion of residency.

Manisha S. Patel, and Kitty O'Hare
Pediatrics 2010;126:S190-S193
STATEWIDE NEEDS ASSESSMENT

- Exploring the needs of WA primary care providers who care for AYA with ASDs.
  
a. experience with this population
b. barriers
c. support services needed

- Is there interest in a PROJECT ECHO model?
HOW COMFORTABLE ARE YOU PROVIDING PRIMARY CARE TO ADOLESCENTS AND YOUNG ADULTS WITH AUTISM SPECTRUM DISORDER (ASD)?

- Very comfortable (I can meet the needs of adolescents and young adults with ASD and their families, ALL the time)
- Comfortable (I am confident I can address MOST issues that arise)
- Somewhat comfortable (I am willing to care for individuals with ASD and sometimes am unable to meet their needs)
- Not comfortable (I need more resources and support before I will be comfortable caring for individuals with ASD)
- Not taking care of any adolescents and young adults with ASD

- All diagnoses (Childhood onset chronic condition)
- Need a provider referral
- If unsure this clinic is right for patient, contact:
  - UWMC TCP general phone 206-598-2972
  - UWMC TCP fax 206-598-3773
Health Care Transitions Research Network (HCT-RN) for Youth and Young Adults with Autism Spectrum Disorders
On Tuesday, October 13, 2015, from 2:00pm to 3:00pm ET, the Youth Transitions Collaborative is hosting a webinar: **Career and Health Transitions: Take Charge of Planning and Managing Your Own Health and Career Goals.**

At this webinar, the Youth Transition Collaborative, Got Transition, and the ODEP-funded National Collaborative on Workforce and Disability for Youth (NCWD/Youth) at the Institute for Educational Leadership will share guidance, tools, and resources on the importance of career and health transition planning.

The target audience is youth and young adults, including those with disabilities and chronic health conditions; their families; and youth service professionals, including health care providers, workforce professionals, policymakers, and other adults working directly with youth.
