Friday – 9:00 am to 5:30 pm:

(snacks and lunch provided)

Friday will focus on current research and thinking
regarding the evaluation, treatment and continuing care
for individuals with ASD throughout the life span
including:

- Early signs and screening
- Differential diagnosis and comorbid diagnoses
- Presentation across the autism spectrum and
challenges with diagnosis
- The diagnostic evaluation of ASD
- Treatment options including accessing ABA
- Medication Management
- Autism into Adulthood
- Discussion of current state of services in WA and
obstacles to care

Saturday – 9:00 am to 12:00 pm:

(snacks provided)

- Saturday parent group with focus on behavior
and anxiety management strategies
- Completion of Center of Excellence training for
providers
